

Employment Opportunities

Airframe and Powerplant Mechanic

CammAir is currently looking for certificated Airframe and Powerplant mechanics with a minimum of three years experience maintaining corporate, turbine powered aircraft. Experience with piston or turbine powered helicopters is desired.

The ideal candidate would have the following experience:

- Knowledgeable with Beechcraft King Air series aircraft
- Familiar with Pratt and Whitney PT-6 series engines
- Proficient in the usage of aviation technical publications
- Able to troubleshoot a variety of common aircraft systems

This is a daytime position located in Spencer, Iowa. Occasional short notice and overnight travel required.
